Have Questions? Consumers, please visit our Help Center at www.carfax.com. Dealers or Subscribers, please visit our Help Center at www.carfaxonline.com.

Glossary

Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Toyota Recall / Service Campaign

Portions of this report have been included under license from Toyota Motor North America, Inc. ("TOYOTA"), License Agreement TMS1013. This data applies only to vehicle marketed or originally sold in Mexico and the United States of America, including Guam, Saipan, American Samoa, Puerto Rico, the U.S. Virgin Islands and the other United States territories and protectorates with currently open safety or emissions recalls, or service campaigns. While TOYOTA provides data to Carfax Inc. on a regular basis, this report may not include very recent activity. For the manufacturer's most current information on recall/campaign activity for any Toyota, Lexus or Scion brand vehicle, you must go to <http://toyota.com/recall> or <http://lexus.com/recall>.

The Inspector will give you the appropriate test for leaks. So, again, some repair facilities will try to replace parts that are only marginally worn. There is no need to replace parts until their normal life cycle is completed. It's a good step in telling you different information than a "junk-shop" repairman. Most technicians do not recommend OIL CHANGES, AUTOMIZING ANY DEVICES.

When you make a service center or mechanic, various repairs, always make sure that the technician performing the repair is ASE Certified in that repair area and always get a second opinion or triple repair.

General Condition - resources, completeness
 Hood Operation - hot, cold, water, vapor, dry ports
 Bells - support or, alternate air conditions, under standing, adjustment
 Hoses - change, rotate, bypass, repair, connect, sealant
 Engine Leaks - start, cover, lining, gas, leak, cover, or parts, use, high
 parts, grease, change, make, lines, filter, drain, plug
 Radiator Condition - coolant reservoir for, and, contaminants and clean
 size, flush
 Coolant Leaks - radiator hoses, water pumps, water, seal, engine
 gaskets/seals, thermostat, coolant, clean

General Definition - security, abuse, damage

Vehicle Bearings - wear, looseness, loose nuts, adjustment

Wheel Leaks - brake lines, fittings, air hoses, body work, cylinders, grease seals, CV axles

Transmission Leaks - housing seals, gaskets, drain plug, shift shaft, coupler

Transmission Oil Analysis - shows contamination, sludge, and frequency of oil change, maintenance

Differential Leaks - housing, pinion seals, half shafts, pinion cover, gaskets, axle shaft seals

Front Brakes - disc pads, thickness, rotors, calipers, air hoses, lines, dust shields, hardware

Rear Brakes - cast, axle, drum/shoes, drum/shoes, rotors, cylinders/calipers, flex shoes, lines, parking plates, dust shields, hardware

Master Cylinder - common line, master fluid, suspect wrong size fittings

Parking Brake - adjuster assembly, cables, hardware, adjustment

Exhaust System - manifold, gaskets, hangers, pipes, converters, mufflers, tailpipe, resonators, exhaust pipes, hangers, hardware

CV Axles - axles, axles, pins, boots, shims, fittings, hardware

Suspension - coil spring, coil springs/shockers, shocks, struts, control arms, tie rods and rods, bushings, ball joints, hardware

Shocks/Struts - leakage, security, firmness, towers, hardware

CV Boots - immediate water damage

Motor Mounts - corrosion, weakness

Damage - floor, permanent body to impact damage, water damage, security, hardware

Power Steering - pumps, hoses, rack and pinion, gear boxes, fluid, steering wheels, power assist, steering, hardware

Steering System - gear box, rack and pinion, tie rods and assemblies, frame, strut, idler arms, drag link, steering shafts, couplers, shock dampeners, hardware

Tires - uneven, tread level, margin, wear, misalignment, damage, dry or dry

[illegible]
